

Conditions for Country and Recreation Clubs [Updated 17 December 2021]

1 In general, facilities in country and recreation clubs may open, except for activities and services where large numbers of people are likely to come into close contact, either in enclosed spaces, and/or for prolonged periods of time. These include but are not limited to karaoke and nightlife activities (e.g. disco dancing). Relevant Government agencies will provide updates subsequently on when and how these activities and services can resume. Barbeque pits have been and will continue to be temporarily closed with effect from 1 May 2021 until further notice.

Safe Management Measures (SMMs)

2 Since 17 May 2021, TraceTogether-only SafeEntry (TT-only SE) has been implemented at the entrance of country and recreation clubs. All employees, vendors, associates, members and visitors must scan in using TT-only SE. Since 15 June 2021, SafeEntry Gateway has been deployed as an additional mode of SafeEntry check-in to facilitate a more seamless check-in experience and to ensure that TT tokens are accepted and working. Country and recreation clubs have been required to deploy the SafeEntry Gateway. The full list of venues required to deploy SafeEntry Gateway can be found on the SafeEntry website (go.gov.sg/gateway-overview).

3 Country and recreation clubs must put in place measures that are in line with prevailing SMM requirements, including Enterprise Singapore (ESG)'s requirements for F&B and retail outlets, SportSG requirements for sports and physical exercise activities, the Ministry of Manpower (MOM)'s requirements for workplaces and work-related events, and any other relevant requirement or guidelines by Government agencies on the most recent SMMs¹:

- a. Group sizes should be limited to no more than 5 persons, with a safe distance of at least 1 metre to other groups or individuals, and with no mixing or interaction between groups.
- b. **[Updated; from 1 February 2022]** All events, irrespective of event size, must implement **Vaccination-Differentiated SMMs (VDS)**² in order to proceed. These include events/activities which can be held in function rooms and event facilities such as marriage events, wakes and funerals, training/classes, and work-related events. Please see Annex A of the [Multi-Ministry Taskforce \(MTF\) Press Release on 14 December 2021](#) for the applicable settings. For more details on each setting, please refer to the relevant advisories on <https://covid.gobusiness.gov.sg/safemanagement/sector/>.

4 Clubs must also adopt the following practices to mitigate the risk of transmission between facility users:

- a. **All facilities and shared areas** must be frequently cleaned and disinfected. Equipment should be thoroughly wiped down and cleaned. Indoor spaces should be kept well-ventilated. For naturally ventilated spaces, windows should be kept open and additional fans should be put in place where possible.
- b. For **sports facilities** (e.g. hard courts, swimming pools), please refer to the sports sector enterprises advisory on

¹ As found on <https://covid.gobusiness.gov.sg/safemanagement/sector>

² For the latest information on VDS, please refer to <https://go.gov.sg/vdsmminfo>.

<https://covid.gobusiness.gov.sg/safemanagement/sector/> for more detailed SMMs.

- c. For individuals who wish to book **function rooms and event facilities** for their own use, or all other purposes, the gathering size must not exceed **5 persons**.
- d. Clubs must ensure that the use of the function rooms and event facilities are in line with the maximum permissible group size as set out in the COVID-19 (Temporary Measures) (Control Order) Regulations 2020.

5 Examples of how clubs can implement the SMMs include using a booking system to manage the number of individuals using a facility at any one time, or using CCTV surveillance or patrolling security (where available) to monitor the use of common facilities.

Rules that Individuals Must Comply With

6 Clubs should also remind members and visitors that only small-group social gatherings of up to **5 persons** are allowed within the grounds and shared facilities.

7 All individuals, including staff, members, and visitors, must continue to wear a mask when using facilities within the club premises.
