UPDATED CIRCULAR ON SAFE MANAGEMENT MEASURES REQUIRED FOR HOTELS

1. As Singapore transits towards COVID resilience, the Multi-Ministry Taskforce (“MTF”) announced on [6 August 2021](#) that it would ease Safe Management Measures (“SMMs”) in two steps. The first will take effect from **10 August 2021** and the second from **19 August 2021**, if conditions remain stable.
2. We strongly urge hotels to continue surveillance and monitoring of potential non-compliance within their premises. Singapore Tourism Board (“STB”) takes a serious view on establishments who do not comply with the SMMs and will continue to impose strict enforcement actions against all establishments who breach them.
3. The information in this circular (which includes its annexes) supersedes that in previous advisories or statements.

Key Updates:

With effect from 10 August 2021:

Social Gathering Group Size

1. Allow no more than 5 individuals (including guests and visitors) gathering on any single day in any guest room or in any pair of adjoining guest rooms where the connecting door(s) may be opened by guests during the stay (i.e. inter-accessible rooms), except where the individuals are all from the same household (i.e. same address), and even then up to the maximum number of occupants for the room type, whichever is the lower.

Resumption of Dining-in at F&B Establishments

2. Groups of up to 5 individuals will be allowed to dine-in at F&B establishments if all the diners are fully vaccinated (as defined in footnote¹). Unvaccinated children aged 12 years and below may be included within the group of 5 individuals as long as all the children are from the same household.
3. Individual F&B establishments may only resume dine-in services for fully vaccinated persons, as outlined above. F&B establishments that are not able to ensure this may only operate take-away and delivery services.
4. Entertainment such as live performances, recorded music and videos/TV screening will continue to be prohibited. F&B establishments should remind patrons to adhere to all SMMs and keep their masks on at all times except when eating or drinking.

Increase in Event Size and Capacity Limits

¹ An individual is considered fully vaccinated if he/ she has been: a) fully vaccinated, i.e. has received the full regimen of Pfizer-BioNTech/Comirnaty, Moderna or WHO EUL vaccines, with an additional two weeks for the vaccine to be fully effective, b) recovered from COVID-19, or c) has obtained a negative result on a pre-event test taken in the past 24 hours before the expected end of the event.

5. The following event sizes and capacity limits will be increased. The provision for children aged 12 years and below² will also apply for these events. Unvaccinated children may be included in a group of up to 5 individuals if all the children are from the same household.
6. For live performances, up to 500 attendees may be allowed if all individuals are fully vaccinated. Otherwise, only up to 50 attendees will be allowed without pre-event testing (PET)³. Unmasking and singing or playing of wind instruments at live performances for vaccinated performers may resume, subject to updated SMMs.
7. For MICE events, up to 500 attendees may be allowed if all individuals are fully vaccinated and predominantly seated or standing in a fixed position; or up to 250 attendees may be allowed if all individuals are fully vaccinated and predominantly non-seated and moving about. Otherwise, only up to 50 attendees will be allowed without PET.
8. Marriage solemnisations in hotels may take place with up to 500 attendees (including the wedding couple but excluding solemnisers and vendors) if all are fully vaccinated. Otherwise, only up to 50 attendees will be allowed without PET. Group size of up to 5 attendees is to be observed.
9. Wedding receptions will be allowed with up to 250 attendees (including the wedding couple but excluding vendors) if all are fully vaccinated, and with groups of up to 5 attendees per table.

Sports/Exercise Activities and Classes provided by gyms/ fitness studios

10. Indoor activities where a mask is worn, and all outdoor activities and classes are capped at 50 individuals. These may resume in groups of up to 5 individuals, irrespective of vaccination or test status.
11. Indoor high-intensity activities where a mask is not worn, and classes are capped at 30 individuals. These may resume in groups of up to 5 individuals, if all individuals are fully vaccinated.

Resumption of Personal Services Without Masks

12. Services which require masks to be removed (e.g. facials, saunas, make-up services) will be allowed to resume if customers are fully vaccinated.

With effect from 19 August 2021 (unless otherwise stated):

13. For live performances, up to 1,000 attendees may be allowed if all are fully vaccinated. Otherwise, only up to 50 attendees will be allowed without PET.

² The provision for children 12 years and below (i.e. born in and after 2009) will only be applicable to higher-risk activities, where a mask is not worn, and large-scale events, e.g. F&B dine-in, gyms. If there is more than one child in the group, all children must be from the same household. Other fully vaccinated individuals can be from different households as the child(ren). For large-scale events, the number of children is capped at 20% of the actual event size.

³ Please see www.moh.gov.sg/covid-19/pet.

14. If the situation remains stable, MICE event pilots may have up to 1,000 participants at a time if all participants are fully vaccinated and predominantly seated or standing in a fixed position; or up to 500 participants at a time if all participants are fully vaccinated and predominantly non-seated and moving about.
15. Marriage solemnisations in hotels may take place with up to 1,000 attendees (including the wedding couple but excluding solemnisers and vendors) if all are fully vaccinated. Otherwise, only up to 50 attendees will be allowed without PET. Group size of up to 5 attendees is to be observed.
16. Work-from-home requirements will be eased, with up to 50% of employees, who are able to work from home, allowed to return to the workplace. Social gatherings will be allowed, in a group of up to 5.
17. The requirement for temperature screening in public premises will be removed. Nevertheless, it is important to continue exercising good health-seeking behaviour when one is unwell by seeking care as soon as possible, using a mask and avoiding crowded places.

“Vaccinate or Regular Test” Regime

18. **From 1 October 2021**, we will require vaccination, or regular testing in lieu, for individuals working in areas that interact with customers in higher-risk settings, where a mask is not worn. These include F&B establishments, gyms and fitness studios, and personal care services. Unvaccinated individuals will have to be tested with an ART kit twice a week. For the small group that remains medically ineligible for vaccines, the Government will subsidise their tests. We strongly encourage all employers to facilitate vaccination for your employees.

Hotels must comply with the prevailing Sector Specific Requirements as outlined in Annex A of the hotel circular and advisories of respective agencies.

4. The hotel industry plays a critical role in keeping Singapore safe, and it is imperative that the industry remains vigilant and disciplined in maintaining health and safety protocols.
5. All hotels should also take note of the following:
 - 5.1. Since 15 July 2021, regular Fast and Easy Tests (“FETs”) are mandatory for all staff, whether frontline or back-of-house, in the following higher-risk settings:
 - 5.1.1. Dine-in F&B establishments and settings (e.g. restaurants, club lounge, function rooms, etc);
 - 5.1.2. Personal care services (e.g. facial and nail services, spas/ saunas, massage establishments, hairdressing, and make-up services);
 - 5.1.3. Gyms and fitness studios where clients are unmasked; and
 - 5.1.4. Housekeeping (e.g. laundry, room and public area cleaning).
 - 5.2. Staff will not be required to conduct FETs if their business operations are suspended. For businesses that continue to remain open (including F&B outlets that stay open for delivery/takeaways), their staff must continue with the regular 14-day FET requirement.

- 5.3. Vaccination remains critical in our fight against the pandemic. Hotels should also strongly encourage any remaining un-vaccinated employees to get vaccinated.
- 5.4. Hotels which are serving as Government Isolation Facilities must observe split-team arrangements and staff from different teams must not inter-mingle with one another.
- 5.5. Hotels should review and reinforce current SMMs and remind employees to take all the prevailing measures seriously even if they have been vaccinated.
