

## JOINT ADVISORY

MR No.: 043/22

Updated as of 26 August 2022

# **Updated Advisory for Safe Management Measures at Retail Establishments and Lifestyle-Related Services**

1. This joint advisory provides updates on the Safe Management Measures (SMMs) for Retail Establishments and Lifestyle-Related Services.

#### **Mask Wearing**

- 2. Mask wearing continues to be required in indoor healthcare and residential care<sup>1</sup> as well as public transport<sup>2</sup> settings where essential services are carried out in enclosed and crowded areas frequently used by vulnerable persons. Refer to the <a href="Ministry of Health's (MOH) latest media release">Ministry of Health's (MOH) latest media release</a> for more details.
  - 2.1. This applies to Retail establishments and Lifestyle-Related Services, as well as common areas and facilities, located within hospital buildings, national specialty centres and polyclinics.
  - 2.2. Such Retail establishments and Lifestyle-Related Services should ensure that customers and working personnel wear their masks at all times.
- 3. From 29 August 2022, the legal requirement for mask wearing in other indoor settings will be removed. This includes Retail establishments and Lifestyle-Related Services within the premises of bus interchanges and train stations.
  - 3.1. Customers are strongly encouraged to continue exercising personal and social responsibility by wearing masks to protect themselves and others, such as in crowded areas or when interacting with vulnerable persons.
- 4. Mask wearing required as part of sectoral regulations will continue to apply.

<sup>&</sup>lt;sup>1</sup> Indoor premises of hospitals and polyclinics (inclusive of retail, food and beverages (F&B) outlets, common areas and other facilities within the hospital/polyclinic building); private primary care and dental facilities, specialist clinics, Traditional Chinese Medicine (TCM) clinics, renal dialysis centres, clinical and radiological laboratories, day hospices; residential care homes; COVID-19 care facilities, testing centres and vaccination centres; as well as on emergency ambulances and medical transport vehicles.

<sup>&</sup>lt;sup>2</sup> This covers the MRT/LRT and public buses, and indoor public transport facilities (e.g. boarding areas within bus interchanges and MRT platforms). Mask-wearing on private transport modes, as well as school buses, private bus services and taxis, will be optional.

## **Other Safe Management Measures**

- 5. In addition to the above, Retail establishments and Lifestyle-Related Services must adhere to prevailing SMMs in the Annex.
- 6. Firm action will be taken against any breaches under relevant laws. For instance, under the COVID-19 (Temporary Measures) Act, first-time offenders will face a fine of up to \$\$10,000, imprisonment of up to six months, or both. Subsequent offences may face a fine of up to \$\$20,000, imprisonment of up to twelve months, or both. Businesses that do not comply with the government's requirements on SMMs may also be ineligible for government grants, loans, tax rebates and other assistance, and may also be subject to temporary closures.

# Other Safe Management Measures (SMMs) for all Retail Establishments<sup>3</sup> and Lifestyle-Related Services

#### **Vaccination-Differentiated SMMs**

1. All malls, large standalone stores<sup>4</sup> and establishments providing personal care services<sup>5</sup> do not need to conduct Vaccination-Differentiated SMMs (VDS) checks.

## **Group Size and Safe Distancing**

- 2. There is no limit on group size.
- 3. Safe distancing is not required between individuals or groups.

# **Contact Tracing**

4. All establishments do not need to implement SafeEntry via TraceTogether-only SafeEntry (TT-only SE). However, they can continue to use the SafeEntry (Business) App to conduct VDS checks for events with > 500 participants at any one time.

### **Capacity Limits**

- 5. There are no capacity limits for shopping malls and large standalone stores, as well as at large commercial Family Entertainment Centres.
- 6. Premises operators should continue to observe limits of its own spaces for safety reasons, e.g. capacity limits imposed due to fire safety. Premises operators should also spread crowds out as evenly as possible.

### Cleanliness and hygiene

- 7. Establishments should maintain high standards of sanitation and personal hygiene. Refer to the <u>General Sanitation and Hygiene Advisory for Premises Owners and Operators</u> by NEA.
- 8. Hand sanitisers should be made available at common touchpoints (e.g. entry/exit doors, cashiers).
- Common spaces such as counters and display shelves, play areas for children, shopping trolleys and baskets, handrails and other interactive hardware (such as iPads, mall directories, self-checkout kiosks or lift buttons) should be frequently cleaned and disinfected.
- 10. Product testing, e.g. perfume testers, make-up testers, is allowed.
- 11. Rooms, tools and workstations should be thoroughly disinfected before and after each service.

<sup>&</sup>lt;sup>3</sup> To be implemented together with 'Updated SMMs at Retail Establishments'.

<sup>&</sup>lt;sup>4</sup> These refer to standalone stores > 930 sgm (or 10,000 sgft) of GFA.

<sup>&</sup>lt;sup>5</sup> These refer to personal care services that require the removal of face masks, such as facial treatments, make-up services and saunas.

12. All clothing, towels and bedding should be changed after every use.

## Ventilation and improving indoor air quality

13. Retail establishments and Lifestyle-Related Services should take active steps to ensure their premises are well-ventilated and carry out carbon dioxide (CO<sub>2</sub>) monitoring regularly, especially in enclosed, air-conditioned indoor spaces. Refer to the <u>Advisory Note</u> on CO<sub>2</sub> monitoring and ventilation adequacy issued by the Building and Construction Authority (BCA), National Environment Agency (NEA) and Ministry of Health (MOH) for more details<sup>6</sup>.

## Workplace premises<sup>7</sup>

- 14. There is no restriction on cross-deployment of workers across workplaces, although employers may continue to do so for business continuity reasons.
- 15. Adhere to measures in MOM's Requirements for Safe Management Measures at the Workplace.

#### Workforce vaccination

16. Unvaccinated workers can return to the workplace. However, employers may implement vaccination-differentiated requirements for their workers based on workplace health and safety, and operational needs of their respective companies or sectors. Refer to <a href="MOM's updated advisory">MOM's updated advisory on COVID-19 vaccination at the workplace for more details.</a>

## **Protocol on handling COVID-19 cases**

- 17. For management of potential contacts of positive COVID-19 cases at the workplace, refer to <a href="https://www.mom.gov.sg/covid-19/requirements-for-safe-management-measures">https://www.mom.gov.sg/covid-19/requirements-for-safe-management-measures</a>.
- 18. Refer to <a href="https://www.gobusiness.gov.sg/covid-19-faqs/">https://www.gobusiness.gov.sg/covid-19-faqs/</a> for other frequently asked questions.

#### **Events at retail and lifestyle-related venues and establishments**

- 19. Work-related events can be held within the workplace premises or third-party venues8.
- 20. Activities and events can be held at public and common areas such as mall atriums, public transport nodes, HDB estates and common corridors.
- 21. Vaccination-Differentiated Safe Management Measures (VDS) must be implemented for events with > 500 participants at any one time.
  - 21.1. Venue owners and event organisers are responsible for ensuring that VDS checks are adhered to for such events:

<sup>&</sup>lt;sup>6</sup> This Advisory Note guides premises mangers on how carbon dioxide (CO<sub>2</sub>) monitoring can be used as a proxy for ventilation adequacy, so that premises managers can take timely mitigating measures when ventilation is poor (when CO<sub>2</sub> levels are above 800ppm).

<sup>&</sup>lt;sup>7</sup> Refers to the retail establishments' back-of-house operations involving workers, including at offices, warehouses and manufacturing facilities.

<sup>&</sup>lt;sup>8</sup> Work-related events held in F&B establishments must comply with the SMM requirements for F&B establishments.

- 21.1.1. The SafeEntry (Business) App can be used with both the TraceTogether App and Token.
- 21.1.2. The SafeEntry Gateway Box cannot be used for VDS checks.
- 21.1.3. Please refer to <a href="https://go.gov.sg/acceptabledocs">https://go.gov.sg/acceptabledocs</a> for the list of acceptable documents for eligibility checks.
- 21.2. Participants can only enter if they meet any of the following criteria:
  - 21.2.1. Are fully vaccinated9;
  - 21.2.2. Have recovered from COVID-19<sup>10</sup>;
  - 21.2.3. Are unvaccinated children aged 12 years and below (i.e. born in or after 2010); or
  - 21.2.4. Are certified to be medically ineligible for all COVID-19 vaccines under the National Vaccination Programme. Medically ineligible individuals will need to show the 'vaccination exemption' status via the Trace-Together App/Token, HealthHub or present a hard copy memo 11 issued by a General Practitioner (GP) clinic, public or private healthcare institution, along with a government-issued photo identification card for entry into these premises. More details on the criteria for medical ineligibility can be found in the sample of the standard memo here.
- 22. Live performances, including busking and those held in outdoor settings, are allowed to resume at events.
- 23. On-site F&B preparation and food tasting is allowed, subject to relevant regulatory approvals and licence requirements for such F&B operations.
- 24. If F&B is served or consumed <sup>12</sup>, e.g. food fair, the F&B SMMs below must be implemented:
  - 24.1. In settings where mask wearing remains required, event participants should put on their masks as soon as they have finished eating or drinking.
  - 24.2. VDS is required for dining in, even if the event has less than 500 participants. Notices should be put up to inform customers that only fully vaccinated persons may dine in (see paragraph 21 for VDS criteria).

<sup>&</sup>lt;sup>9</sup> This means they must have received the appropriate regimen of <u>World Health Organisation Emergency Use Listing</u> (WHO EUL) vaccines. Those aged 12 and above who have completed the primary vaccination series would require a booster dose to maintain the vaccination status. For more information, refer to <u>MOH's information sheet</u> on the requirements for VDS.

<sup>&</sup>lt;sup>10</sup> Currently, all recovered persons from COVID-19 who are not fully vaccinated are given a 180-day exemption after infection to enter the F&B establishment for dine in. From 1 June 2022, all recovered persons will need to receive the booster dose within 9 months of their last primary vaccination dose, in order to maintain their vaccinated status.

<sup>&</sup>lt;sup>11</sup> To be certified as medically ineligible for all COVID-19 vaccines under the National Vaccination Programme, individuals may visit a doctor familiar with their medical condition, or alternatively, any clinic or hospital to obtain a hardcopy doctor-certified memo.

<sup>&</sup>lt;sup>12</sup> Self-service buffet lines are allowed from 30 April 2022. Refer to the <u>Advisory for SMMs at F&B Establishments</u> for details.
